SAYS FISHING IS BIG BUSINESS IN THIS STATE

Members of the cast of "Tune Time," the Gettysburg Lions club minstrel show, were guests at dinner Monday evening at Trinity Reformed church at a regular meeting of the Lions club.

President Donald M. Swope and John Millard, chairman of the show, thanked the guests and members for their "splendid cooperation without which the show would have not been a success."

J. Allen Barrett, director of public relations for the Pennsylvania Fish Commission, spoke on "Fishing for Fitness for Peace."

"Big Business"

"Fishing is big business," Mr. Barrett stated. "It tries the souls and the hearts of the men and women who go out in an attempt to nab a fish." Comparing the Keystone state with other states, he said, "Pennsylvania has stocked a greater tonnage of fish than the combined total of fish placed in streams by all the states that border on Pennsylvania."

Mr. Barrett gave the following facts: "We have 47 tank trucks which from March 1 to April 15 are engaged solely in placing trout into the streams for public fishermen. In 1949 these trucks traveled 521,000 miles. It costs \$225,000 for food to raise the fish that were placed in the streams. Fish, which we began to place in streams on March 1, were fed 1,870 tons of food."

Sport, Relaxation

"More money is spent in the United States on fishing and fishing equipment than is spent on baseball, football, horse racing and basketball combined," he added.

Stressing that "fishing is fun, a sport and a relaxation" Mr. Barrett pointed out that "if you fish for economical food and you are an average fisherman, it costs you more than \$2.50 a pound."

President Swope presided at the meeting which was attended by 162 Lions and guests.

Alger Hiss Is Disbarred

New York, May 2 (AP)—Alger Hiss, former high State department official convicted of perjury, was disbarred today from practicing law in New York state.

The Appellate division of the Supreme court formally struck Hiss' name from the roll of attorneys. It ruled that his two-count perjury conviction in Federal court here constituted commission of felonies and that Hiss therefore ceased to be a qualified attorney.

Hiss was convicted by a Federal court jury January 21, 1950, and four days later was sentenced to a term of five years in prison. The case is being appealed.

The former State department official was found guilty of lying under oath in denying that he ever gave secret government papers to Whittaker Chambers, self-styled courier for a pre-war Soviet spy ring.

LAWYER TALKS TO TWO CLUBS

The efforts of the British people to solve some of their postwar economic problems was the topic of an address by Attorney Charles W. Wolf, at a combined dinner meeting of the Lions and Kiwanis clubs of Taneytown Monday night, at Base-hor's restaurant, Littlestown.

Mr. Wolf said that the British are more interested in the "security" of the individual than in economic progress, and that the concern for economic security from the beginning of the Empire in 1713, through its growth and expansion, was far from being the first concern of the people.

The speaker added that "the concern for security however, is only one of a number of major elements affecting the present economic and social conditions, other elements being the physical loss of wealth in two world wars, the dissolution of the Empire with its attendant consequences, such as the dislocation of the sources of raw materials; the relative size of the British economy, which has a ratio of about one to seven with that of the United States; an apparent peak in the population trend; the standardization of wages and rigidity of costs resulting in a stiff, rigid and unadaptable economy, and a more discernible effect of the trade cycle."

Mr. Wolf said that "British economic problems have accumulated over the years since 1913, when Britain was earning more than was needed to balance her imports. Disregarding changes in currency values, the volume, weight and quantity of goods purchased in 1938 was 20 per cent larger than in 1913, and in the same period that volume and quantity of exports had gone down by 40 per cent."

Mr. Wolf said that "this situation obviously cannot go on indefinitely," and that since the war Marshall plan funds had been largely responsible for lessening the current deficits.

Mr. Kane, who had been in ill health for about three years, stepped from a second floor window at Kane's Cabins, a short distance east of Caledonia along the Lincoln highway, Monday afternoon about 4:20 o'clock onto a porch roof. It is believed he lost his balance and fell to the ground. He was discovered lying on the ground by a passing motorist. The ambulance was summoned and he was rushed to the hospital.

Mr. Kane was born in Franklin township, a son of the late William and Harriet (Noel) Kane. He resided most of his life in Adams county excepting about 15 years spent in Westmoreland county where he went at the age of 17 to be employed in the coal fields as a tract foreman. He later became a foreman for the old Gettysburg-Chambersburg Turnpike company and also was a toll gate operator for the company for a number of years. He was employed as general foreman by the State Highway department. Mr. Kane was also a farmer and fruit grower, retiring 12 years ago.

His wife, the former Mary Ellen Eaton, died August 26, 1940.

ROTARY HEARS TALK MONDAY BY COLONEL PEDDY

Plans for the forthcoming Armed Forces Day activities and reports from delegates to the 36th annual conference of the 268th district of Rotary International were presented Monday evening at the regular meeting of the local Rotary club at the YWCA.

Lt. Col. Thomas Peddy, senior project officer for Defense Week activities starting May 13 and ending with Armed Forces Day May 20, gave details of the programs being projected for the observance here, and the purposes behind the week's program.

"In prior years each branch of the armed forces operated independently. At the present time we are witnessing the unification of the armed forces into one national defense unit. And that unification is going ahead rapidly. I would say that as of today the citizens of the United States are getting more defense per dollar than they ever had before, and one of the principal reasons for that is the unification of the armed forces."

"In previous years each service held its own special day of observance. There was army day, navy day and air force day. This year for the first time there is a unified Armed Forces day to help obtain the psychological atmosphere needed for such unification and to give the people of the nation an idea of just how far that unification has gone," Col. Peddy said.

Frederic E. Griest, reporting on the district convention in Hershey said that the address by D. D. Monroe, of Clayton, New Mexico, representative of Rotary International, was a high spot of the three-day sessions. Monroe, he said, had as his theme, the "great need for acceptance of individual responsibility by each individual."

Dr. Kenneth Smoke, reporting on other sessions held in connection with the convention, quoted from a talk by the Rev. Raymond F. Wieder, director for Overseas Relief of the Lutheran church, and a resident of Gettysburg.

A motion picture depicting activities in a typical Young Women's Christian association building and outlining the purposes of the YWCA, was shown.

The police have therefore been instructed to continue enforcement of the traffic laws.

PLAN RAILROAD SIGNAL LIGHTS ON CARLISLE ST.

Representatives of the Western Maryland railroad appeared before borough council at its regular meeting Monday night in the engine house to notify councilmen of the railroad's plans to install flasher signals at the Carlisle street crossing.

Attorney Franklin R. Bigham introduced K. L. Muse, signal and telephone engineer for the railroad, who gave details of the plan to ask the Public Utilities Commission for permission to make the change from a part-time watchman to flasher signals which would be in operation 24 hours a day.

Mr. Muse cited examples where flasher signal installations had reduced the number of accidents. At New Oxford, he said, there had been three accidents in the six years prior to their installation, and only one in 17 years since they were installed. He said he expected a hearing would be held before the PUC in about a month.

Predicts No Delays

According to Mr. Muse, there would be no delays to traffic on Carlisle street due to freight switching operations. The type of flashers provide for a 20 to 30 second warning, but stop flashing if the engine stops between blocks. The flashers would start about the time a west-bound train crosses North Stratton street or an eastbound train crosses North Washington street.

Other crossings in the borough are under consideration for flasher signals, Mr. Muse said, but this type of signal is not contemplated elsewhere at the present time, he said. Council referred the matter to the safety committee.

OPEN MOSQUITO "ELIMINATION" DRIVE MAY 15

Gettysburg's borough council, at its regular May meeting in the engine house Monday night, authorized the mosquito committee to spend not more than \$450 as a start on the 1950 mosquito elimination program, and will receive bids for the balance of the season's work, after receiving proposals from the Vogel-Ritt company of Hagerstown, which did the work last year.

The company proposes to station a man in Gettysburg to make daily checks of the breeding places, spray them with oil and DDT, and to "fog" the town periodically. Three foggings would cost \$275 each and if more than three, the cost would be \$225 each. Total price for the season for treating breeding places is \$735, and total price for the year's mosquito elimination, \$1,557.

Teeter Joins Committee

Councilman Fred Hummelbaug informed council that "we would like to start about May 15 or 20. Last year we started in June. That was too late." The \$450 was authorized to allow the committee to get started on its work this month. Councilman John D. Teeter was added as a new member of the mosquito control committee.

The safety committee was authorized to spend \$703.38 for new traffic signs to go with the new one-way street regulations, for "no left turn" and "no right turn."

Council received another protest on the new regulations, which went into effect Monday, from A. E. Hutchison, proprietor of the H and H machine shop and garage, South Washington street.

Called "Hardship"

Mr. Hutchison renewed his protest against "no parking" on South Washington street and declared that the new regulation, by prohibiting parking, prevents people from doing business in this section. "It is a great hardship to them and to me not to be able to park in front of my place," he said.

Councilman Hummelbaug, chairman of the safety committee, declared that "if we change one, we should change them all, and throw out the whole thing. It is no more than fair that the regulations be given a trial of 60 days."

Order New Sidewalks

Council directed that property owners in the 500-600 block on South Washington street be sent notices to lay pavements in front of their properties. It referred to the highway committee the repairing of sidewalks at 43 Chambersburg street, 122-130 Chambersburg street and 13 Baltimore street. A letter asking that the "run" near Queen street be diverted into a borough sewer was referred to the sewer committee.

On recommendation of the safety committee, Raymond E. Menges was named regular patrolman in the police department. He has been employed on an hourly basis.

Council appointed Dr. Joseph J. Baker as member of the Civil Service Commission, to fill the unexpired term of Dr. Walter S. Mountain, resigned. \$1,000, provided in the budget, was voted to the Gettysburg Recreation association. The property committee was authorized to have the engine house painted, on recommendation of Councilman Calvin Shank of the property committee.

MARTIN, LIND OPPOSE CLOSING OF HOSPITAL

Answers to a request by the Albert J. Lentz American Legion post that Valley Forge hospital be kept open were read Monday evening at the regular meeting of the organization held in the post home, Baltimore street.

A telegram from Senator Edward Martin said: "I will do what I can to keep Valley Forge hospital open." Congressman James F. Lind wrote, "I appreciate having your wire wherein you advise that the Albert J. Lentz Post No. 202 of the American Legion, Gettysburg, is opposed to the closing of Valley Forge hospital."

"I, of course, am in agreement and will do everything within my power to see that this particular hospital remains open as I firmly believe that it is badly needed here on the East Coast."

Dr. Richard L. Mellins, director of medical services, wrote from the U. S. Department of Defense, Office of Medical Services, "The Secretary of Defense has asked me to acknowledge and thank you for your tele-

CARDS FOOLING EXPERTS, BEAT DODGERS IN 9TH

By JOE REICHLER
(Associated Press Sports Writer)

The St. Louis Cardinals are up to their old tricks again. Next to beating the Dodgers, the Redbirds get the greatest delight out of making the experts look foolish.

Remember those pre-season reports on the Cards? Too old. No reserves. A one-man ball club. Tsk, tsk. Is our face red?

With a lineup shot as full of holes as a slab of Swiss cheese, the scrappy St. Louis gang has managed to win five of its last six games. They capped it off last night with a thrilling victory over their hated rivals, the Brooklyn Dodgers.

The score was 3-2. Until the last half of the ninth, Brooklyn was in front, 2-0. Starter Joe Hatten had held the Redbirds to three hits up to that point.

End For Hatten

Hatten began the last inning by walking Chuck Diering. Enos Slaughter singled Diering to second. Marty Marion, making his first appearance of the season, batted for Steve Bilko and fanned.

Eddie Kazak, another pinch hitter, lined out. One more out to go and the Dodger lefthander would own two straight shutouts. But it never came.

Red Schoendienst singled, scoring Diering. That was all for Hatten. Another pinch hitter, Bill Howerton, faced Willard Ramsdell. Howerton singled to right scoring Slaughter with the tying run as Schoendienst raced to third.

A wild pitch by Ramsdell allowed Schoendienst to cross the plate with the winning run. Hatten was charged with the loss.

Cloyd Boyer, who has taken over the ailing Ted Wilks' relief chores, was the winning pitcher. He relieved starter Max Lanier in the ninth and kept the Dodgers away from the plate in the one inning he worked. The victory moved the Cards into a virtual tie for second place, a game and a half behind the front-running Dodgers.

It was the only game played in the National league. All other teams were idle, resting up for their inter-sectional clashes. There was no action in the American league. Philadelphia and Boston, only clubs scheduled, were foiled by the weather. A steady Boston drizzle decided matters for them.

Not Worried About Narcotic Problems

Philadelphia, May 2 (AP)—Two members of the Pennsylvania Athletic Commission say there is no need to worry about any widespread use of narcotics by persons connected with boxing.

Commissioners John (Ox) DaGrosa, Philadelphia, and George J. Jones, Williamsport, made that statement yesterday after investigating the case of a boxer held on a narcotics charge.

The commissioners said the fighter—Charles White, also known as Clarence Smith—will be barred permanently from boxing. White was charged with possession of narcotics after appearing on fight programs here and at Hazleton, Pa.

DaGrosa and Jones said that as a result of their investigation a rule will be passed to license all trainers and provisions made for closer supervision of gymnasiums in which fighters train.

MUSIAL LEADS MAJOR HITTERS

New York, May 2 (AP)—Stan Musial of the St. Louis Cardinals and Cleveland's sharp-hitting Dale Mitchell top the major leagues in batting.

Musial, who once led a minor league in pitching, has shaken the enigma of a slow start, and is a lusty flyer in the National league with a .448 batting average.

Mitchell, a six-foot-one Oklahoman, is the No. 1 man in the American league with a .406 mark. Figures, based on 25 times at bat, include games of Sunday, April 30.

Mitchell, with 13 hits in 32 trips, holds a 17-point edge on Detroit's Johnny Groth, runnerup at .389. Hank Majeski of Chicago is next with .385, followed by New York's diminutive Phil Rizzuto at .371. Al Zarilla, Boston outfielder, is a shade behind with .370.

In the National, Musial hit safely 13 times in 29 tries. New York's Alvin Dark, the transplanted Boston shortstop, is hitting at a .423 pace. He's the only one of the five regulars involved in the big winter deal among the top 10 hitters.

Gil Hodges of Brooklyn rounds out the "400 Club" with a .406 mark. Willie "Puddin' Head" Jones is fourth with .365 and Pittsburgh's Johnny Hopp fifth with .351.

2 SCHOOL GRID COACHES LEAVE NEARBY POSTS

Alex Bell, head coach and physical education instructor at Delone Catholic high school, McSherrystown, since 1947, announced his resignation Monday effective at the end of the present school term.

Bell has accepted a position as head football coach at St. Augustine high school, Santiago, Calif. He has signed a three-year contract at the coast school.

The Rev. William R. Lyons, principal of Delone high, said that no successor to Bell has been chosen.

Since Bell took over at Delone in the fall of 1947 his football teams have won 26 games, lost four and tied two. The Delone team won the football championship of the Harrisburg Diocese in 1948 and repeated last year. The Squires are unbeaten, but once tied, in their last 20 games. They were tied last fall by Harrisburg Catholic.

Ben Kripps, for the past three seasons head football coach at Waynesboro high of the South Penn league, Monday resigned his position effective at the close of the present school term.

Paul Shull, Waynesboro principal, said last night that Kripps is returning to his alma mater, Clarion State Teacher college, where he will guide the destinies of the football and baseball teams.

Eighteen leagues are operating in the 10 counties which make up the district area, Brackbill pointed out. Present plans call for a champion to be decided in each county. County champions will then meet to determine the district titlist. A district champion is expected to be decided during the first week of June.

Serving on the committee with Brackbill are Ralph I. Shockey, principal of the local high school, and Emanuel Jacobs, supervisor of physical education for Reading schools.

District 3 embraces Adams, Berks, Cumberland, Dauphin, Franklin, Perry, Juniata, Lancaster, Lebanon and York counties.

A meeting of the committee with representatives of the various county leagues will be held at Shelly's restaurant in Steelton on Thursday to draw up rules of the tournament.

Each entrant in the tourney will play about four games, present plans indicate. The Southern Pennsylvania Conference champion will play the Franklin county titlist. The Cumberland and Adams, Lebanon and Dauphin champs will meet while the Lancaster county representative will play Central Penn winner Berks county will meet Reading high in the first round of play.

Games will be played on the field of one of the participants.

MEETING WEDNESDAY

A meeting of the Adams County Scholastic Baseball league officials will be held Wednesday evening at 7:30 o'clock at Biglerville.

ONE-MINUTE SPORTS PAGE

The National Baseball Congress, which has almost 3,000 umpires in its association, has received more queries about rules interpretations, particularly the balk, than it did last season. . . . Indications are the pro leagues will drop the one-second count on the balk for the interpretation that the pitcher merely must come to a full stop after his stretch. . . . Wisconsin may field the fastest backfield in the Big Ten next fall with Bob Mansfield at fullback and Harland Carl and Ray Burks at the halves. Mansfield was a crack quarterback last spring but ineligible for football in 1949. Carl and Burks both were schoolboy sprint stars. . . . Before he started umpiring, reports Ernie Lanigan, Bill Klem was a book agent. Maybe that's how he got a foot in the baseball door. . . . Twenty-nine of the 33 players who have represented the United States in Wightman Cup tennis competition since 1923 still play tennis. Three of them are grandmothers. . . .

TWO-TIMER

Paul Scott, new athletic director at Davidson college (N. C.) coached a national champion wrestling team at Cornell (Iowa) in 1947 and a team that placed second in the A.A.U. meet this year. . . . His cross country teams were undefeated in conference competition since 1941. . . . Scott says he won't coach wrestling at Davidson and he hasn't shown any desire to take over the runners. . . . But, gosh, isn't he in a swell position to do some second-guessing?

Contest Tonight At Littlestown

The Pen-Mar baseball game between Hanover and Littlestown, which was scheduled to be played at Littlestown Sunday, April 30, but was postponed because of rain, will be played tonight at 8:30 o'clock under the arcs on the Littlestown Memorial Field.

The Littlestown Softball league game scheduled for Monday night on the Littlestown playground between Crouse's and the Eagles was forfeited to the Eagles as Crouse's team failed to appear.

Tonight the contest will be between Foundry and Harry's. It was erroneously reported that Hanover defeated Littlestown in an Adams County league game Saturday. Littlestown won the game 4-1.

ATTENDANCE DIPS

New York, May 2 (AP)—Average major league baseball attendance, hampered by rain and cold weather, has dipped 20 per cent from last year. In 70 games, the majors have drawn 1,130,565. At the same time last season, they had attracted 1,728,534 for 94 games. That makes the average 14,724 for 1950 compared to 18,389 for last season—a 20 per cent drop.

Hagerstown Beats Harrisburg 3-2

(By The Associated Press)

Hagerstown—rated the dark horse entry in the class B Interstate league this season—is off to a fast start with three wins and nary a loss.

Last night, Hagerstown had a close call but managed to eke out a 3-2 win over the Harrisburg Senators.

The Sunbury Athletics entered the win column last night with a 5-4, 10-inning win over the York White Roses. An unearned run provided the winning margin.

The two other scheduled games—Wilmington at Allentown and Trenton at Lancaster—were postponed because of wet grounds.

SCHOOL TEAMS PLAN TOURNEY

Decision to sponsor a baseball tournament to determine the District 3 PIAA champion has been announced by A. Landis Brackbill, principal of Manor-Millersville high school and chairman of the district's baseball steering committee.

Eighteen leagues are operating in the 10 counties which make up the district area, Brackbill pointed out. Present plans call for a champion to be decided in each county. County champions will then meet to determine the district titlist. A district champion is expected to be decided during the first week of June.

Serving on the committee with Brackbill are Ralph I. Shockey, principal of the local high school, and Emanuel Jacobs, supervisor of physical education for Reading schools.

District 3 embraces Adams, Berks, Cumberland, Dauphin, Franklin, Perry, Juniata, Lancaster, Lebanon and York counties.

Medical Corps Replies

"I am sure you appreciate that it is the aim and responsibility of the Department of Defense to provide the greatest possible national security from funds and personnel available for that purpose. In line with this objective, the Medical Services of the Armed Forces have accepted their share of responsibility for effecting all feasible improvements in economy and efficiency."

"In deciding upon the hospitals of the Army, Navy and Air Force to be closed or reduced in size, consideration was given to the many factors involved. Among the factors considered were the changing concentrations of military personnel, more effective joint utilization of hospitals of the three military departments and the existence or planned construction of veterans hospitals nearby. In balance, the closure of these hospitals selected can be effected without jeopardizing the medical care provided military personnel of the Armed Forces."

No Change In Policy

"It has long been the policy of the Armed forces to hospitalize veterans in service hospitals to the extent of available beds and upon request of the Veterans Administration. No change in this policy is contemplated."

VOTERS EYEING PEPPER BATTLE FOR SENATE SEAT

(By The Associated Press)

National interest focused today on a Florida primary election in which Democratic Senator Claude Pepper is seeking re-nomination over Representative George Smathers.

The Florida Senate fight overshadowed primary contests being decided simultaneously in three other states—Alabama, Ohio and Indiana. In the four states nominations are being made for three senate and 49 house seats.

Two of the states—Alabama and Ohio—are nominating candidates for governor.

The veteran Pepper carried into the deciding day a record of supporting almost all the Truman "Fair Deal" program. Smathers, 36, has been accusing Pepper of dodging the Fair Employment Practices Commission (FEPC) issue and of being too friendly with Red-tinged organizations.

Test In Alabama

Pepper has in turn blasted the Smathers camp for circulating "dirty, lying literature trying to discredit me."

The Democratic primary in Alabama today — a test of States Righters' 1950 strength — combined with Florida's as deep south attention-pullers that overshadowed primaries in Ohio and Indiana. In both Florida and Alabama the primary winners were certain of election in November.

In Florida, around 600,000 registered Democrats were expected to go to the polls. The Alabama turnout was estimated at 400,000.

The possibility of a Pepper defeat was taken into account in advance by both Republicans and Democrats.

In Alabama, 158 persons are running for 72 places on the state Democratic committee which will control the Alabama party machinery for the next four years.

Today's Talk

By GEORGE MATTHEW ADAMS
By GEORGE MATTHEW ADAMS
JACK MINER

For longer than I can remember in exactness, the name of Jack Miner has been an inspiration. Recently Canada, and a goodly part of the world have been celebrating and honoring the memory of this man who devoted his life to the conservation of wild life, and especially of the birds we all so much love, for without them a light of happiness would no longer glow.

Nearly fifty years ago was founded the Jack Miner Bird Sanctuary, at Kingsville, Ontario, and now regularly Jack Miner's birthday, April 19th, is observed in Canada as a tribute to his character and tireless efforts to save for mankind its friends, the birds. Some day, I hope, this memorial will be as extensive in the United States as in Canada.

I never met Jack Miner, but his life has long inspired me, and I have visited his beautiful Sanctuary, and met his mother and sons. This one establishment has inspired scores of others of like nature in many parts of America and the world. By banding thousands upon thousands of birds, ducks and geese, and having these bands returned to him by hunters, careful data have been established of great value in preserving the life of these birds. On each of these bands are a verse of Scripture and the address of the Sanctuary.

Jack Miner was a very religious person. He once stated: "Back of me, in all my undertakings, is God." Children loved him, and thousands visited him during his lifetime; and ever since have they learned to love nature and the birds by their visits.

When I visited this unique Sanctuary I was especially interested in the hospital where injuries to birds are treated. So well do birds, who have learned of their safety in this honored place, know it that many an injured one works its way to the hospital, where it is given a new lease on life. During Jack Miner's life he devoted a large part of his time to lecturing and traveling all over Canada and the United States, seeking to arouse interest in the conservation of wild life.

Jack Miner left his all to this cherished enterprise, and contributions to the foundation come continually to preserve the name of one of the most beloved men in all Canada. Thousands of birds would send their contribution—were they but human!

Tomorrow Mr. Adams will talk on the subject: "Thoughts."

Just Folks

By EDGAR A. GUEST

THE GRAVEST QUESTION
Young fellow, when you calmly ask me why
Because of one misguided, evil man,
Called Stalin, they may bugle you to die,

I say in truth to answer no one can,
Is it good sense to give one man such power
Or let a hundred like him war commence?
I hold not; but when comes the fatal hour

Young men must never ask them: "Is it sense?"
You'll march away on some far field to die,
Or bent and broken, blinded to return,
And every hour you live you'll wonder why

The senselessness of war men never learn.

RED ESCAPEE SAYS ROCKETS AIM AT ALASKA

Philadelphia, May 2 (AP)—Powerful rocket installations aimed at Alaska, Norway and Sweden have been built by Russia in the Arctic and Baltic areas, says a 33-year-old escapee from a Soviet concentration camp.

Victor Martunuk, a Russian naval engineer, disclosed the secret operations yesterday through his attorney, Ivan M. Czup.

Martunuk now is in Montgomery county jail, Norristown, Pa., awaiting House action on a bill to provide him with "lawful residence" in this country, the lawyer said.

Senator Edward Martin (R.-Pa.) introduced the bill which has been passed by the Senate. Czup added.

Nabbed As Stowaway
Martunuk was arrested as a stow-away aboard the S.S. Monitor when it docked in Philadelphia in April, 1949.

Martunuk said he came in contact with information about rocket installations while he was an inmate of a Soviet prison camp at Svirsk, north of Leningrad. The installations pointed at Alaska are located on the Arctic ocean island of Novaya Zemlya, he said.

He said he was sentenced to a 25-year term in the concentration camp because he served with a German anti-Communist army of Russian prisoners.

In the winter of 1948, Martunuk said, he beat a Soviet guard to death with a wrench and escaped from the prison camp.

JAPS URGED TO DEFEND THEIR OWN LIBERTIES

Tokyo, May 2 (AP)—General MacArthur today urged the Japanese to defend their new constitutional liberties against the "international political periphery" of communism. For the second time in 10 months he suggested the possibility of outlawing Japan's Communist party.

The Allied occupation commander took the third anniversary of Japan's "no war" constitution as the occasion for a statement denouncing anew communism here and abroad.

Japan's Communist party, MacArthur said, is "an avowed satellite of an international predatory force and a Japanese pawn of alien power policy, imperialistic purpose and subversive propaganda." Then he added:

"That it has done so at once brings into question its right to the further benefits and protection of the country and laws it would subvert and raises doubt as to whether it should longer be regarded as a constitutionally recognized political movement."

"Political Perfidy"
The occupation chief raised the same question last July 4 when he labeled communism "national and international outlawry."

Today he called it "this form of international political perfidy, social deception and territorial fraud."

MacArthur cautioned the Japanese that the question of outlawing the Communist party "should, of course, be resolved calmly, justly and dispassionately with the same consideration and safeguards extended to any anti-social force in a peaceful and law-abiding community."

The general made it clear he felt no danger of the Communists coming to power through constitutional means, but warned that "communism now makes but a shallow pretense of seeking such an objective."

Instead, he said, there was the danger of the small Communist minority making "abusive use of freedom" to create conditions of lawlessness and unrest to open the way for seizure of power through "intimidation and force."

Ask Enforcement Of Liquor Rules

Harrisburg, May 2 (AP)—Pennsylvania's organized clubs want the commonwealth to insist upon strict enforcement of the liquor law regarding restaurants and hotels.

The Pennsylvania Federation of Fraternal and Social Organizations adopted a resolution here Sunday in which it said licenses have been granted to hotels and restaurants not yet established as such.

The federation also adopted resolutions at its closing session calling on the legislature to prohibit the sale of liquor or beer licenses and exempt clubs from local option voting placing the community in the "dry" category.

The federation said the original intent and purpose of the liquor and beer laws "was to prohibit forever the open saloon." It also charged that licenses are "transferable for high purchase prices."

The clubs also asked release from a House committee and prompt passage by Congress of a bill insuring that clubs will remain exempt from income taxes.

Teletype Operators Strike For More Pay

New York, May 2 (AP)—United Press teletype operators and maintenance men struck for higher wages Monday in the 35 domestic bureaus of the news service.

The UP said its operations continued "almost normal," with executives and workers from other departments handling the transmitting machines.

The strikers, members of the AFL Commercial Telegraphers Union, originally asked a \$15-a-week pay increase for the 265 members in the UP division.

The union reduced this to \$6.50 in the last minutes of bargaining, and the company responded with a final offer of \$2.20 only 20 minutes before the strike started last midnight.

SEEK 2 THUGS IN SHOOTING OF GROCER, AGED 64

Pittsburgh, May 2 (AP)—A city-wide manhunt swept Pittsburgh today for two thugs who shot and critically wounded a 64-year-old grocer in a holdup attempt at his store.

The victim was Stephen M. Bassick. He was shot twice. One bullet hit just under his heart, the other struck below his left armpit. The bandits fled without taking any loot.

Bassick's wife, Mary, 57, gave police this story:

She was behind the counter last night when the men entered. She asked them, "what can I do for you?"

Without a word one of them whipped out a pistol. She screamed. Her husband, who had been sitting behind the counter and hidden by boxes, leaped to his feet.

Started by Bassick's sudden appearance, the robber started shooting. The hoodlums fled as the stricken man slumped to the floor. The bandits paused outside to look at him through the store window.

Police Inspector John Flavin ordered 15 policemen to search the area.

Mrs. Bassick said the men were both Negroes about six feet tall wearing hats and light trench coats.

Earlier, two other gunmen held up and robbed the New Arrow tavern on Saxonburg boulevard in nearby Shaler Township. They got \$100 and four bottles of whiskey and fled in a dilapidated auto. Police said they were not the grocery bandits.

The tavern thugs were white men and one was described as "thin and ugly."

Automobile — Bus Crash Kills Two

Philadelphia, May 2 (AP)—Two women were killed and a man and woman injured Monday in the collision of a Greyhound bus and an automobile.

Passengers aboard the bus, many of them sailors returning to Norfolk naval base after week-end liberty, were shaken but none received hospital treatment here. The bus was on a Philadelphia-Norfolk run.

The dead were Mrs. Ellen O'Shea, 64, and Mrs. Kathleen Carroll, 23, who were riding in the car. Injured were two of Mrs. O'Shea's children, Mrs. Mary Strauss, 33, Audubon N. Y., and James O'Shea, Philadelphia.

Investigating police said the two vehicles collided in southwest Philadelphia 15 minutes after a traffic light at the intersection had been turned off.

All of the victims, who were returning from a visit in Baltimore, were trapped in the wrecked auto until police and firemen released them.

Three Sailors To Face Murder Count

Boston, May 2 (AP)—Three sailors were docketed for arraignment today on a charge of murder in the hotel washroom slaying of a Somerville man last Friday.

Named in warrants issued yesterday were Thomas S. Richards, 18, of Mauch Chunk, Pa.; Frederick R. Ligon, 18, of Pawling, N. Y.; and Joaquin J. Canton, 20, of Brooklyn, N. Y.

Police Capt. Francis Wilson said the men admitted orally the fatal stabbing and strangling of John P. Ahern in the Hotel Essex.

Wilson quoted the trio as saying Ahern was beaten and strangled with his necktie after he struck Canton with a stool during an argument.

Says Blunder Can "Touch Off A War"

Wichita, Kas., May 2 (AP)—Gen. George C. Kenney says a diplomatic blunder could touch off a war with Russia "at any moment."

He added, however, that he did not think the Russians were in a position to go to war now.

Aggressor nations "usually go to war when they have war power sufficient that they're pretty sure they can win," the four-star general said yesterday.

"I don't think they (the Russians) are in that position now. I think that they're trying to reach that point as fast as they can."

He said Soviet leaders probably have already set a year for their attack and that he believed war with Russia is coming.

REPUBLICANS SEEK WAY TO END INQUIRY

Washington, May 2 (AP)—Senate Republicans were reported split today by a move among some of their members to seek an early end to the inquiry into Senator McCarthy's Communist-in-government charges.

A foreign relations subcommittee headed by Senator Tydings (D.-Md.) continued its investigation with testimony from Freda Utley in connection with "Soviet spy" charges leveled by the Wisconsin Republican against Owen Lattimore, Far Eastern expert.

McCarthy has said Miss Utley, whom he identified as a former Communist, told him in 1940 Lattimore had "definitely decided to throw in his lot with the totalitarian enemies of America."

McCarthy's contention that Lattimore was the principal architect of the State Department's Far Eastern policy was sharply denied over the week-end by former Secretaries of State Cordell Hull, James F. Byrnes and George C. Marshall, and by Dean Acheson, the present Secretary.

Together, their denials cover the whole period since 1932, except for a brief span between Hull and Byrnes, when the late Edward Stettinius was Secretary.

From Phoenix, Ariz., where he is undergoing sinus treatment, McCarthy said: "If Mr. Lattimore was not the salesman for the Communist party, then I ask Mr. Acheson and his friends who did the selling job?"

There were reports that some leading Republicans are casting about for a convenient way to call an early halt to the politics-packed inquiry.

Two GOP senators who asked not to be quoted by name told a reporter they were looking around for some method of winding up an affair they said they don't think is ever going to bring a clearcut decision one way or the other on McCarthy's charges.
